

الشركة العمانية لمعالجة المياه (ش.م.ع.م.) Oman Water Treatment Co. SAOC

COMMITTED TO QUALITY

Reverse Osmosis Water Treatment Systems
Sewage & Effluent Recycling Systems
Water Filtration & Softener Systems
Water Disinfection Systems
Premium Water Sector Products

Water

A precious source of life!

“Committed to
clean water resource
management.”

A Member of the

AL-RIYAMI GROUP

Since inception in the year 1992, Oman Water Treatment Company SAOC has established itself as a pioneer in the design, engineering and construction of Water and Wastewater Treatment Plants.

Our progressive trading activities places a prime focus on key components and equipment related to Water, Wastewater Treatment plants and all co-related after sales service activities.

Our quality standard is reflected in our top grade rating by the Oman Tender Board as a First Grade contracting company in turnkey execution of Water and Wastewater Treatment Plants.

منذ تأسيسها في العام ١٩٩٢ ، أرست الشركة العمانية لمعالجة المياه نفسها كشركة رائدة في مجال تصميم وهندسة وإنشاء محطات تحلية ومعالجة المياه .

ونشاطاتنا التجارية المتنامية ركزت على المكونات والمعدات الأساسية المتعلقة بمحطات تنقية وتحلية المياه ومعالجة مياه الصرف الصحي ، مع توفير جميع الخدمات المتعلقة بهذه المعدات بعد البيع .

مقاييس الجودة انعكست على تصنيف الشركة بمجلس المناقصات بدرجة عالية كشركة مقاولات درجة أولى في إنشاء محطات تحلية ومعالجة مياه متكاملة .

Our Facilities

The manufacturing unit is located in the Rusayl Industrial Estate on a total area of 4200 sq.m. It features a well equipped fabrication shop facility, technologically advanced machinery and tools to build and test Water & Wastewater Treatment Plants as well as co-related systems.

Our factory holds a variety of stock with an adequate availability of spare parts in its efficiently designed and professionally managed stores.

Computerised stock control planning is implemented using state-of-the-art data processing systems.

Our dedicated chemical storage area conforms to industry benchmarks and is available for our speciality and treatment chemicals.

The OWATCO team consists of experienced, trained and highly qualified Engineers and Technicians who possess the capability for designing, engineering, constructing and commissioning of all types of Water and Waste water Treatment.

In - Country Value Policy

“ As an Omani company, we are committed to the enhancement and promotion of In-Country value in all we do”.

Sustainable Water Treatment Technology

Product Range

- ◆ REVERSE OSMOSIS (RO) WATER TREATMENT SYSTEMS
- ◆ SEWAGE & EFFLUENT RECYCLING SYSTEMS
- ◆ WATER FILTRATION & SOFTENER SYSTEMS
- ◆ WATER STORAGE TANKS & SYSTEMS
- ◆ AGENCY REPRESENTATION OF PREMIUM WATER SECTOR PRODUCTS

Dosing & Mixing Systems

Electro Magnetic & Ultrasonic Flow Meters

Submersible Sewage Pumps

MBR & UF Membranes

Gas Chlorination System

Glass-Fused Tanks

SPEC PULSAFEEDER. GET MORE THAN YOU EXPECT.

API 675 Chemical Injection Pumps

RO Membrane Chemicals & Services

Softners / DM Plants / Filters

Ultra Violet Sterilizers

A Range of Industry Leading Products

Key Projects

Our projects reflect a diverse list of the industries we serve.

Chemical and Food processing industry.

Complete Water management solutions for Commercial and Institutional buildings like Hotels, Resorts and Water Parks.

The Military & Defense sector utilizes water systems with quick, easy, maintenance free installation for their accomodation camps.

With a harsh regional climatic condition, the Agricultural industry benefits through our advanced water management solutions.

We provide the Oil & Gas industry with energy efficient water solutions which are environmentally friendly and robust.

Our technologically advanced RO systems are excellent for the extreme demands of Oil & Gas industry.

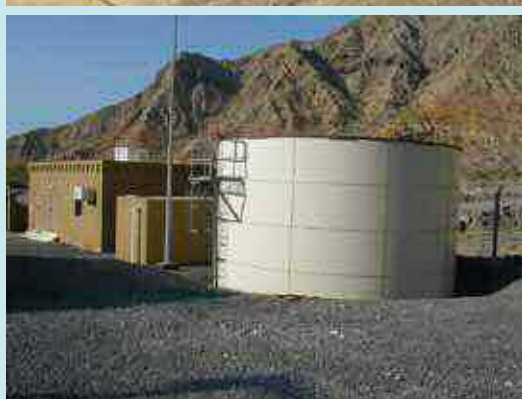

For the Marine industry, we provide innovative waste water discharge solutions as well as on-shore brackish and sea water desalination options so as to ensure an uninterrupted flow of fresh water to remote locations, both in-land and coastal.

Our project methodology includes site visits, solution assessment, compliance benchmarks and in-depth consultation.

Committed to Project Compliance
